ABOUT US

Al Jedaie Office Furniture was established in 2000 and has since become one of the leading companies in the field of office furniture in Saudi Arabia.

We specialize in furnishing commercial and administrative buildings to meet the interior design needs of our clients and give them the perfect look for the working environment they are looking for. Our professional teams of talented engineers, marketers and sales managers work closely with our clients to identify their needs, requirements and meet their needs. Over the past two decades, we have always been looking forward to the development, continue to modernize life today quickly, and take the design of office furniture to the highest level always to meet the expectations of our customers and create a quiet working environment they need to be productive and successful.

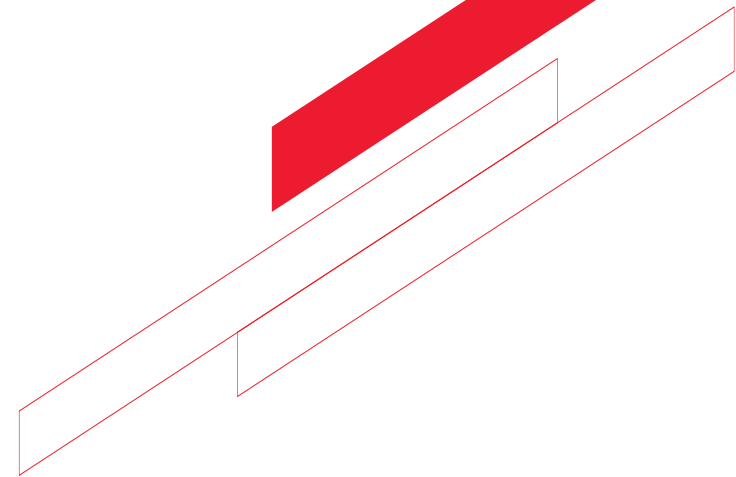

We believe that the success of our client is our success, so we take additional steps in terms of exceptional quality, work ethics and service to achieve this common goal.

OUR VISION

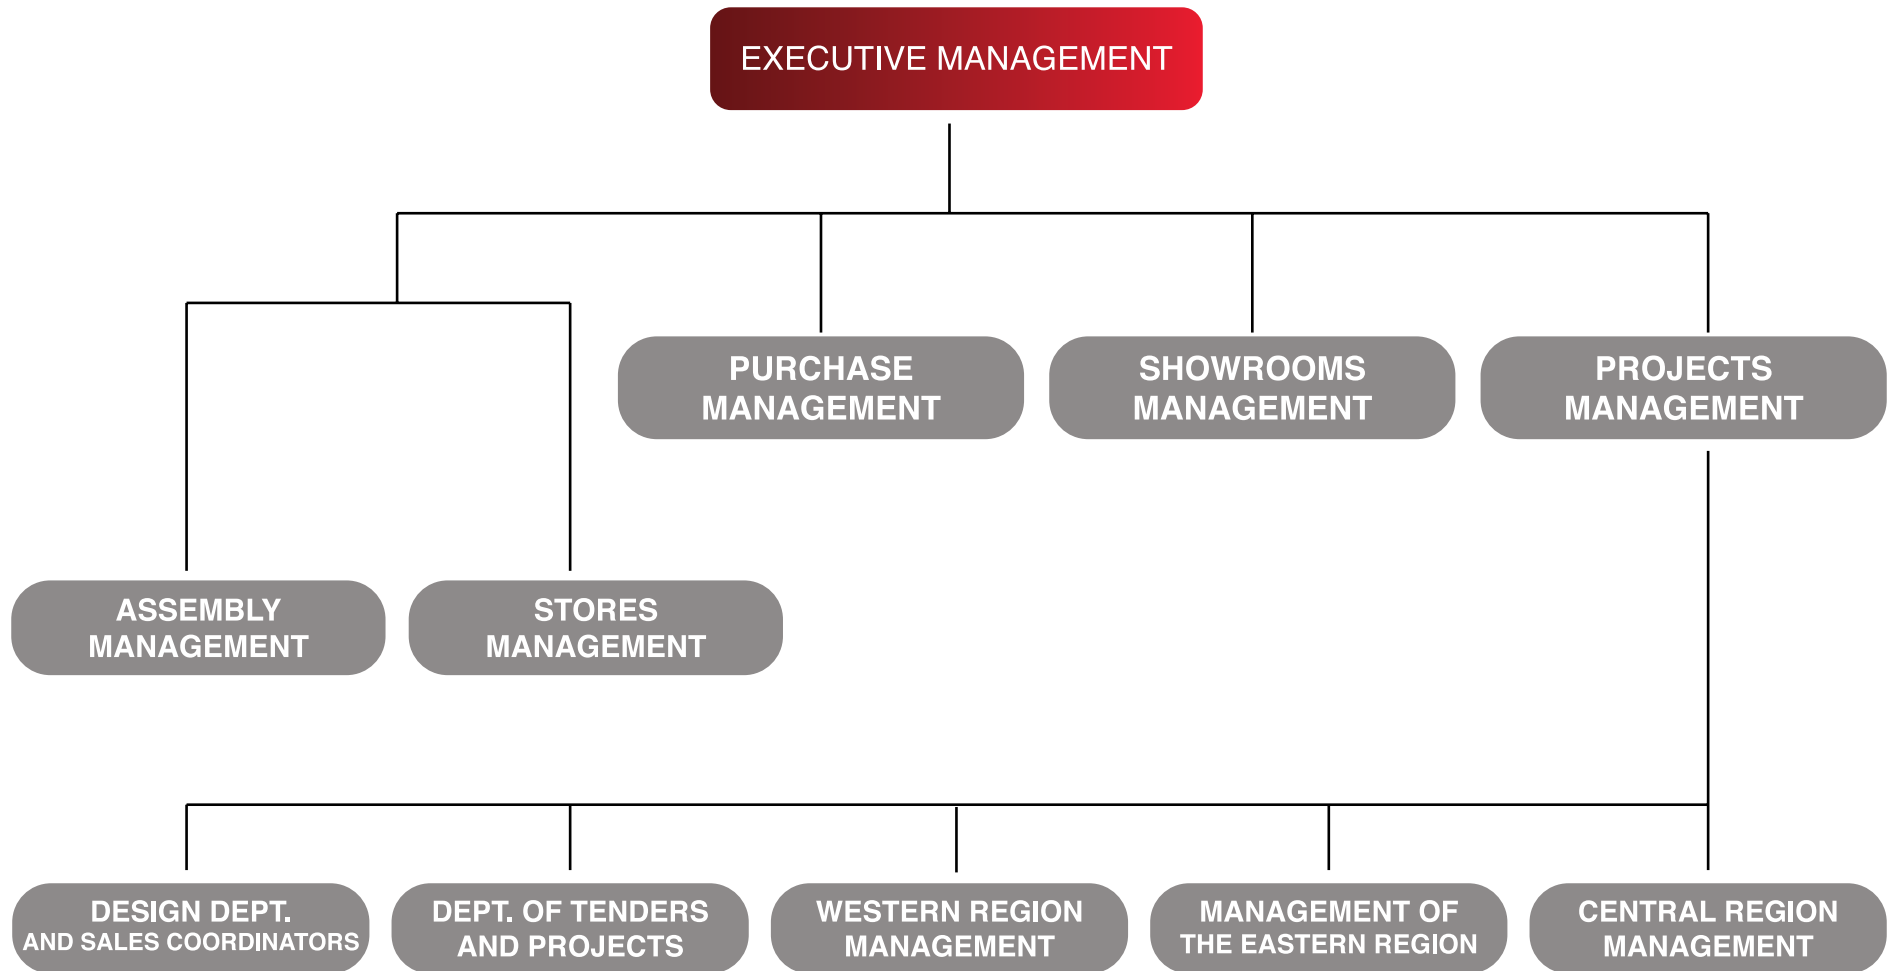

- To be the first choice for our customers when it comes to office furniture and provide them with the highest quality standards and manufacturing flexibility.
- Creating a better working life for many people. Offering a wide range of office furniture products designed to suit the business environment of many.
- We work hard to achieve quality at affordable and distinct prices for our customers by building long term relationships with suppliers with world-re-nowned brands in office furniture.

OUR MISSION

To become a reliable long-term business partner for our customers by providing them with excellent services and office furniture that suits their vision and to become one of the best companies in the office furniture market in Saudi Arabia.
